Why work with OSM at school?

- Soft skills
 - Personal, social and learning to learn competence
- Digital competence
 - o "use, access, filter, evaluate, create, program and share"
 - active citizenship
- Cultural awareness and expression competence
 - Students <-> town
 - Facing complexity

(EU reference framework: Key competences for lifelong learning)

Why bring OSM and Wikimedia projects together?

- Both use free licenses
- Data enrichment
- Benefit the city/region
- Broaden students' horizons
- Common goals and values
